

HES Ski & Ride Program 2016/2017

Ski & Ride Season is coming right up and we are happy to offer this program for our students for the 6th year! Our goal is to provide students an opportunity to experience the exciting sport of skiing or riding in a controlled environment. We believe that skiing and riding as part of a group encourages good exercise and the development of healthy relationships between students, coaches and parents. All participants should remember this is a school function and all school rules apply along with consequences when the rules are not met.
